

Arthur "Buz" Mardiat Retires Shy of 29 Years 8/26/80 – 7/1/09

Firefighter Arthur “Buzzy” Mardiat began his career with Palm Bay Fire-Rescue in August of 1980. He quickly became a certified EMT and eventually enrolled in paramedic school. Firefighter Mardiat became well known for his emergency medical skills, earning him a reputation throughout the County as a class one medic.

Firefighter Mardiat’s personnel file contains a large number of complimentary letters not only from citizens, but from co-workers, fire chiefs, city management staff, First Flight staff members, and other fire departments.

His willingness to assist other firefighters with their studies for medical school has been fruitful for the Department, and his skills and let-me-help attitude will be greatly missed.
