City of Palm Bay Public Interactive Map

The screenshot shows a Windows Internet Explorer browser window displaying the City of Palm Bay Public Interactive Map. The address bar shows the URL: <http://gis.palmbayflorida.org/geobladeweb/default.aspx?config=Palm%20Bay>. The map displays a street grid with labels for roads such as HIELD RD, PALM BAY RD, AMERICANA BLVD, JUPITER BLVD, and US HIGHWAY 1. A scale bar at the bottom right indicates 1 mile. The interface includes a toolbar on the left with icons for home, search, and other map functions, and a taskbar at the bottom with open applications like Microsoft Outlook and ArcCatalog.

Find Location

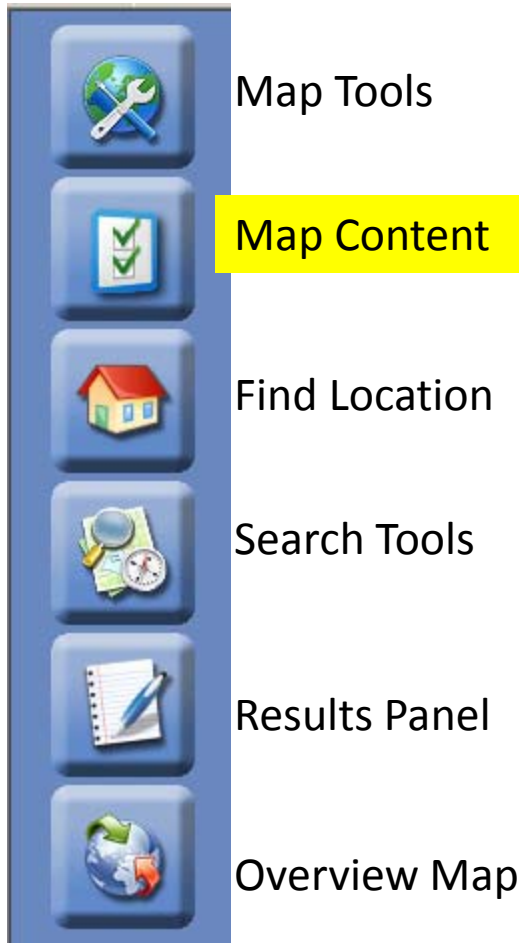

Search Tools

Results Panel

Overview Map

Click on the Map Content button and you will see the available data layers. Simply click the check box next to the layer and it will appear on the map. *note that if a layer is 'gray' you will need to zoom in closer for it to appear. Click the + next to the layer to view the symbols.

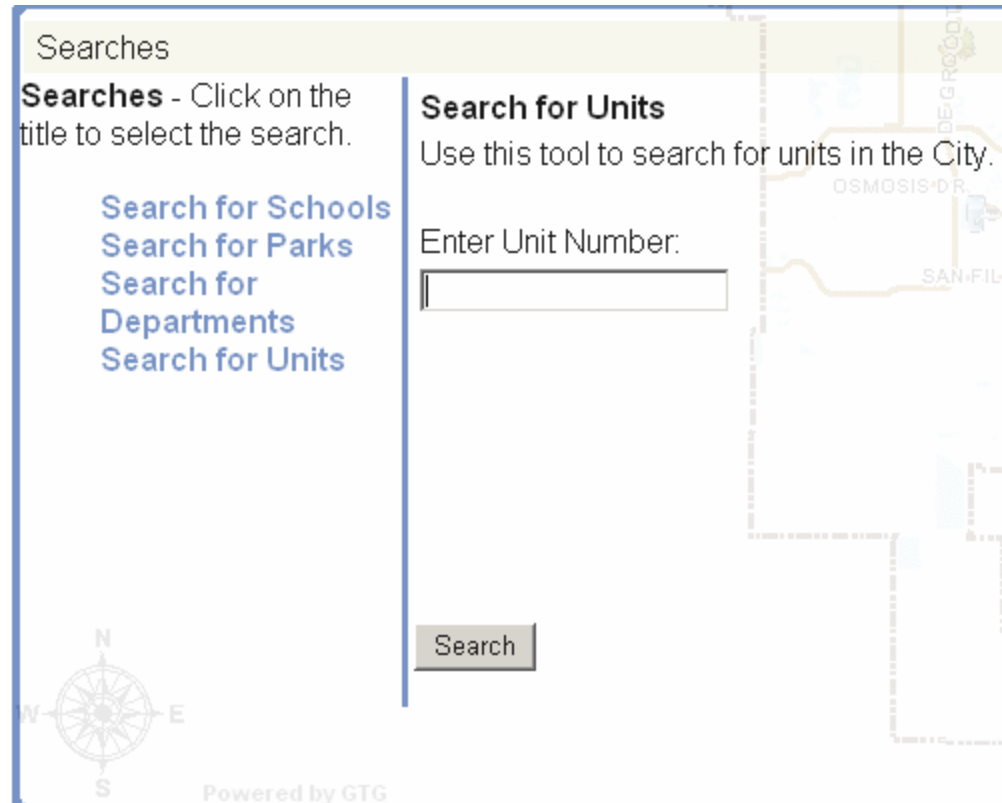

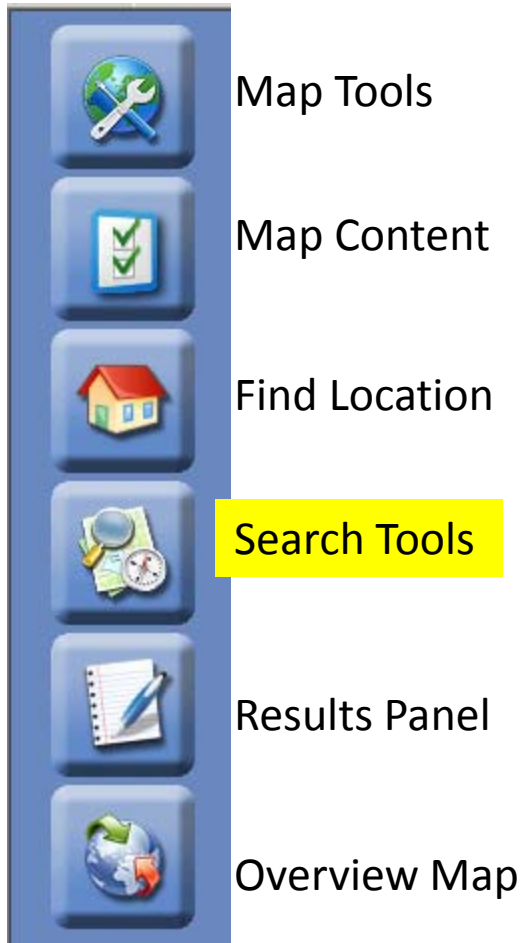

Tool Bar – Find Location

Click the Find Location tool to search for addresses, streets, and intersections. For the intersection tool, select the first street name and then the intersection streets will appear in the drop down list.

Tool Bar – Search Tools

Click the Search Tools button to search for schools, parks, departments, or units. *additional searches can be created by our EGIS manager.

Tool Bar – Results Panel

The Results Panel tool will toggle on/off the search results located at the bottom of the screen.

Tip: Results can be exported by clicking on the Excel icon in the results panel. To clear results click on the trash can.

Results for Spatial Search

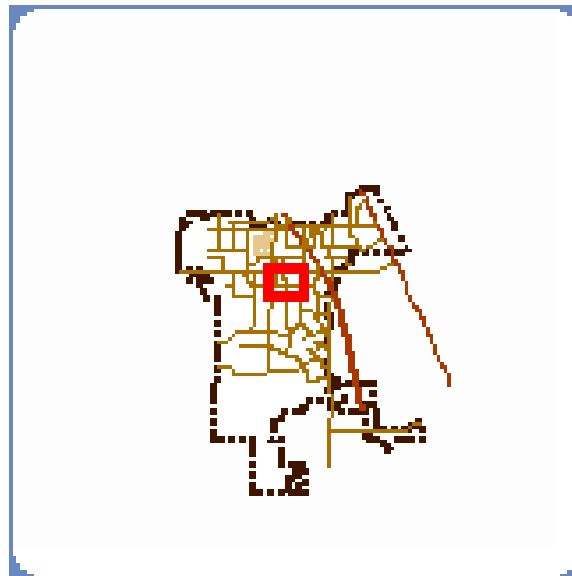

Zoom To	Index	CASE_YEAR	CASE_NBR	STATUS	STAT_DATE	DATE_RPTD	CASE_TYPE	INSPECTOR	TENANT	ORIGINATED
	1	2009	5144	ACTIVE	06-08-2009	06-08-2009	TGW, T&D & DEAD TREE-STATEMENT	JACK DAVIS	NOT ENTERED	CITIZENS COMPLAINT
	2	2009	650	ACTIVE	04-03-2009	04-03-2009	FORECLOSURE REGISTRATION	JACK DAVIS	14570-00	MANAGEMENT COMPLAINT

Tool Bar – Overview Map

The Overview Map tool will toggle on/off the small overview map located at the bottom left of the screen.

Tip: The red square shows the extent of your main map window so you can easily see where you are zoomed to within the city.

More help / change requests

- If you need assistance using the application...
- If you would like to see different data layers added to the application...
